

AP Computer Science Summer Assignment | 2011

The following needs to be downloaded on your home computer so that you are prepared for this class. If you have any problems with the downloads, email me at LPHScs@gmail.com and I will do my best to help. NOTE: I am assuming that you are working on a PC.

- Purchase a large flash drive to be used exclusively for this class and download the following to both your PC and your flash drive.
- Download a Development Kit: We will be using Eclipse Helios or Classic. You can find the 171MB download at <http://www.eclipse.org/downloads/>
- Download all Java Runtime files. You will specifically need the JRE (approximately 16MB file) and can find this file at <http://www.java.com/en/download/index.jsp>
- Download any zipping tool. We are using 7-zip at school and it can be found at <http://7-zip.org/>
- Download the AP Student Manual
http://www.collegeboard.com/prod_downloads/student/testing/ap/compsci_a/ap07_gridworld_studmanual_appends_v3.pdf
- Download everything to do with the AP Gridworld Case Study -
http://www.collegeboard.com/student/testing/ap/compsci_a/case.html
- Copy the Blue Pelican digital book (sent as an attachment via email) to your PC and flash drive
- Finally, download the Microsoft Visual Studio via DreamSpark and it can be found at <https://www.dreamspark.com/> (I will email account number to you)
